## A Creative Mind

Da bambino, ammirava i colori, suoni e sapori della natura. Da adulto, le opere dei grandi architetti: da Gio Ponti e Marco Zanuso a Frank Lloyd Wright, Mies van der Rohe e Oscar Niemeyer.

La ricerca del Bello, in tutte le sue forme, è quello che anima da sempre Giorgio Saporiti. Architetto e designer innamorato del colore ("senza di esso la vita non esiste") ma anche imprenditore e grande conoscitore di tendenze del design e della moda, Giorgio Saporiti è stato definito un "inesauribile macchina sforna-idee": il suo mondo di tessuti, arredi, complementi e interior sembra infatti rigenerarsi all'infinito, dando vita a creazioni che sono allo stesso tempo di tendenza e evergreen. Le sue forme razionali e pulite ma capaci di emozionare, le sue cromie che si fondono le une con le altre, i suoi accostamenti spesso azzardati ma sempre capaci di creare un'armonia perfetta sono alla base del

When he was a little kid, he used to wonder at the colors, sounds and flavors of nature. As an adult, he was stunned by the masterpieces of great architects such as Gio Ponti and Marco Zanuso, or Frank Lloyd Wright, Mies van der Rohe and Oscar Niemeyer.

The search for Beauty, in all its forms, is what has always motivated Giorgio Saporiti. As an architect and a designer, he is in love with colors ("without them, there is no life"); but his multifaceted nature made it possible for him to be, at the same time, also an excellent entrepreneur as well as a living antenna for design and fashion trends. It does not come as a surprise, then, to hear that Giorgio Saporiti is considered by those who know him "an unstoppable ideas generating machine". His world of fabrics, furniture, and interiors actually seems to regenerate itself infinitely and to give life to creations that have the amazing capacity to be at the same time trendy but evergreen. His rational, pure lines are able to bring out emotions, his color palettes mingle one with the

successo globale de Il Loft, l'azienda da lui creata nel 1994, il cui marchio è riconosciuto in tutto il mondo come araldo della qualità Made in Italy.

La sua ricetta per il successo? "Progettare perché non solo ogni arredo o complemento ma anche ogni spazio sia unico, pensato per il committente a sua immagine e somiglianza. Perché un interior riuscito è uno in cui si è felici di vivere".

"L'ineluttabile ciclo della trasformazione interessa la nostra casa e il mondo attorno a noi. Nell'atto di creazione una cosa mi resta sempre impressa nella mente: occorre raggiungere la perfetta unione con l'interno che costantemente si rinnova".

other, his couplings are often hazardous but always end up providing a perfect harmony.

These are the characteristics that made up the success of the company that Giorgio Saporiti himself created in 1994, Il Loft, a brand that is now universally recognized as a herald of Made in Italy quality.

His recipe for success? "Designing so that all furniture and interior is a reflection of the client's taste and soul. So that he or she is happy to live in it".

"The unavoidable cycle of transformation also challenges our ideas of home. When I create something, I always keep this in mind: interiors will have to be in tune with the ever-changing world around us".

**"When I create something, I always keep this in mind: interiors will have to be in tune with the ever-changing world around us"**

# An authentic artisan experience.

Dall'inesauribile estro creativo di Giorgio Saporti, interprete unico e originale delle più attuali tendenze tessili, nasce una linea di tessuti tricot realizzati appositamente per vestire le nuove collezioni.

Il risultato è un prodotto di altissima qualità, espressione indiscussa dell'eccellenza del Made in Italy, capace di creare un ponte tra moda e design, come nella più fedele tradizione del marchio Il Loft.

The result? Products of outstanding quality that irrefutably epitomise “Made in Italy” excellence and bridge the gap between fashion and design in true Il Loft tradition.

## Handcrafted design

Design 100% italiano e materiali esclusivi, sono questi i leit-motiv ricorrenti in ogni singolo progetto firmato Il Loft: tessuti, arredi, complementi e interior dalle forme pulite e razionali, sempre capaci di stupire ed emozionare. Un modo di fare design unico che ha portato l'azienda ad essere emblema della qualità made in Italy nel mondo.

A garanzia della progettazione ricercata ed accurata dell'azienda c'è la mente creativa di Giorgio Saporiti, maestro del design e della moda capace di reinterpretare le tendenze del momento in una chiave ironica e raffinata.

Guaranteeing the company's sophisticated and meticulously crafted designs is the creative genius of Giorgio Saporiti, a past master at design and fashion who has a flair for interpreting the latest trends with refinement and a tasteful touch of humour.

Nuovi prodotti dal design innovativo e con cromie ricercate saranno presentati per inserirsi perfettamente nella più ampia collezione esistente de Il Loft.

The new innovatively designed products in refined tones will be unveiled and represent the perfect addition to Il Loft's wider existing collection.

From the illimitable creative genius of Giorgio Saporiti, an inimitable and unique exponent of the very latest textile trends, comes a line of tricot fabrics created especially to "dress" the new collections.

The result? Products of outstanding quality that irrefutably epitomise “Made in Italy” excellence and bridge the gap between fashion and design in true Il Loft tradition.

# Antelope

Arch. Giuseppe Viganò – Studio Viganò

L'idea del divano Antelope nasce dall'Antelope Canyon formatosi migliaia di anni fa grazie all'erosione della pietra arenaria ad opera di vento ed acqua.

Proprio come il Canyon, il divano sembra scavato da un pezzo intero, come fosse stato modellato dal vento col passare del tempo. Questa "erosione" del divano avviene ovunque, sia all'esterno creando un grandissimo dinamismo, sia sulla seduta formando diverse profondità di seduta per vivere il divano in modo differente.

The idea for the Antelope sofa was inspired by Antelope Canyon, which was formed by the wind and rain eroding the sandstone thousands of years ago.

Just like Antelope Canyon, the sofa seems to have been carved from one solid piece, as if it had been crafted by the wind through the centuries. This "erosion" can be seen all over the sofa, creating breath-taking dynamism on the exterior, and across the seating where it forms a variety of seating depths enabling the sofa to be enjoyed in many different ways.

Airstrike

## Airstrike

Arch. Giuseppe Viganò – Studio Viganò

AIRSTRIKE nasce da un segno che diventa forma, come un nastro che si annoda.

Una collezione a tutto tondo: da un bracciolo dalla forma ovalizzata prende vita lo schienale. Linee morbide e accattivanti, accoglienti e confortevoli regalano un'immagine molto soffice e creativa.

L'imponenza dell'imbottitura si armonizza con la leggerezza della base metallica che impreziosisce il progetto. Della collezione fanno parte il divano, il pouf, la poltrona, sia nella versione fissa che con basamento girevole, la sedia e lo sgabello.

AIRSTRIKE is inspired by a symbol taking shape, like a knot in a ribbon.

A well-rounded collection: an oval-shaped armrest forms the genesis for the backrest. The soft, eye-catching lines are welcoming and comfortable with an incredibly cosy yet creative look.

The grandeur of the padding is a perfect match for the lightness of the metal base that embellishes the entire project.

The collection includes a sofa, pouffe, chair, stool, and an armchair designed with a swivel or fixed base.

Freespirit

## Freespirit Curvo

Arch. Giuseppe Viganò – Studio Viganò

Divano dallo spirito libero definito da una vaschetta in metallo rivestito che diventa fianco e schienale ed accoglie morbidi e sformati cuscini.

Ha due anime che lo rappresentano: una più lineare che disegna composizioni in linea, e una più sinuosa che permette composizioni curvilinee che si espandono nello spazio caratterizzando fortemente gli ambienti.

A free-spirited sofa defined by an upholstered metal tray that forms the sides and back and envelops soft, misshapen cushions.

A free spirit with a dual soul: the more linear version is perfect for straight-line compositions, while the more sinuous design creates curvilinear compositions that grow into the space, ensuring a style statement in any interior.

La collezione di tavolo e tavolini sono il risultato di un design dalla forte personalità. Stupisce per l'utilizzo dei materiali che creano prodotti unici e perfetti per ogni tipologia di ambiente.

La forma pulita e imponente del basamento è caratterizzata dall'uso della lamiera metallica che lo rende leggero ed estremamente innovativo. Non solo la base ma anche il piano è studiato in ogni dettaglio, una forma nuova e svasata che viene enfatizzata grazie all'uso della laccatura che può essere abbinata alla base.

The Tracer collection of a table and low tables is designed with a powerful personality. The way materials have been chosen to create unique products is amazing and they are perfect for all styles of interior design.

The hallmark feature of the clean, imposing shape of the base is sheet metal, which ensures an extremely innovative lightweight look. Like the base, every detail of the top has also been carefully designed to create a new, flared shape which is showcased by the use of lacquer that can be selected to match the base.
